QUAID'S Message

I am not making any particular reference to you but now that I have had the opportunity of talking to you, I must warn you not to allow your actions to be guided by ill-digested information or slogans and catch-words. Do not take them to heart or repeat them parrot-like. Take advantage of your period of training that this institution offers you by equipping yourself to become leaders of the future generation. There is a common fault with the students against which I must warn you. The students believe that no one can tell them anything which they do not already know. That mentality is harmful and often leads to quite a lot of mischief. But if you want to learn by your own experience, and not by the experiencee of your costly experiences and the knock that you shall have received during your lifetime which will harm you more than anybody else.

Remember, you must have patience. Rome was not built in a day. Time factor, therefore, is essential. You must trust in your Government and I assure you that they are fully alive to the needs of the people, and particularly the masses who require special attention. Give them full chance and opportunity. The success of our achievements will depend upon our unity, discipline and faith not only in ourselves but in God who determines the destinies of people and nations. My young friends!

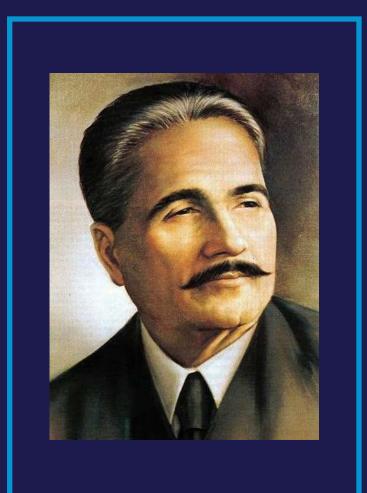

You must now fully realize the vital change, the fundamental change that has taken place. You are not now merely to confine yourselves to becoming Government servants which was the avenue to which most of you aspired. You must now realize that fresh fields, new channels and avenues are now being thrown open to you where you have unlimited opportunities, namely, you must now direct your attention to science, commercial banking, insurance, industry and technical education.

I thank you again for the honor you have done me today.

ALLAMA MUHAMMAD IQBAL'S Educational Thoughts

Without education no nation could progress even survive in the world. But modern education produces only money-making machines. The moral values are getting eradicated. Social fabric is getting weakened. We are imparting theoretical knowledge based upon education. We have to make the children more aware on socialization. Even the information being given is very much non uniform in all the states. I think that life without education is a waste.

Message from The Chancellor

It is worth appreciable that the University of Mianwali is starting its new academic year. Its establishment has shown a commitment to brilliance and to serve the requirements of the community.

This University will always strive to impart high-quality education, providing students with the shrewdness to be able to tackle both national and international challenges. The faculty and staff at University of Mianwali is dedicated and capable of converting the challenges into opportunities, practicing their excellence in teaching, learning and research; fulfilling the needs of the community.

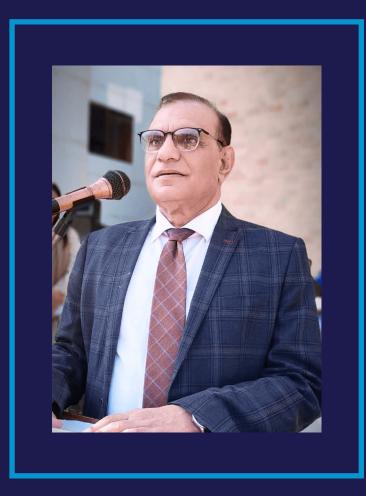

University of Mianwali will introduce modern curriculum, good student engagement, paramount professional training, effective faculty development, local and international collaborations, spacious building, industry partnerships, immense research endeavors and much more.

I will focus my attention to respond to the challenges of mutable sector of higher education, identifying our strengths and building idiosyncratic character and distinctiveness.

As Chancellor, I am certain that all efforts to outdo in the field of higher education and the infusion of moral values in the students at the University of Mianwali will continue in future with greater obsession.

Muhammad Baligh Ur Rehman

Message from Vice Chancellor

I welcome you to the University of Mianwali with the affection of a parent and the zest of an educational reformer. Since its inception in 2019, the University has been functioning with enthusiasm and verve. We have launched innovative research in various new disciplines and new academic courses which will certainly help us create a milieu that is essential for acquiring lofty academic standards. The University of Mianwali is committed to providing modern infrastructure and state-of-the-art facilities to enable the students to update their knowledge in various scientific disciplines by providing access to contemporary technology. At the same time, the university has been quite successful in maintaining a balance between modern trends in education and its old traditions. Furthermore, the university aims to inculcate critical thinking and enhance the intellectual grooming of the students which is essential for becoming proactive, productive, and responsible citizens. In addition, the beautiful campus has an exclusive administrative block and three academic blocks where the administrative and academic activities are carried out independently. The academic blocks house state-of- the-art classrooms, well-equipped laboratories, the library, and faculty offices. A bachelor's hostel for faculty is already functioning. In order to meet the growing needs of the university, the work on infrastructure development is moving at a fast pace. Since its inception, the campus has made tremendous progress both in academic and co-curricular activities with the dedication and hard work of the faculty members. Currently, more than 20 undergraduate programmes are being offered in various disciplines under the Faculty of Sciences and Faculty of Social Sciences & Humanities. We would not halt here and try to expand the sphere of academic activities by launching several new disciplines to respond to the new demands of society and the job market. The university intends to launch its M.Phil/PhD programmes in selected disciplines in near future for which the preliminary work has already been completed. I am confident that in the coming years, we, as a team of highly dedicated professionals, will open new vistas and avenues in the field of higher education and research. We are determined to transform the campus into one of the highest seats of learning in the country.

I warmly felicitate you to explore the various opportunities that we offer at the University of Mianwali---A Gateway to Excellence

I invite you to become a part of our community, explore your potential, embrace opportunities, and let us be a part of your transformation. We're excited to welcome you to the University of Mianwali.

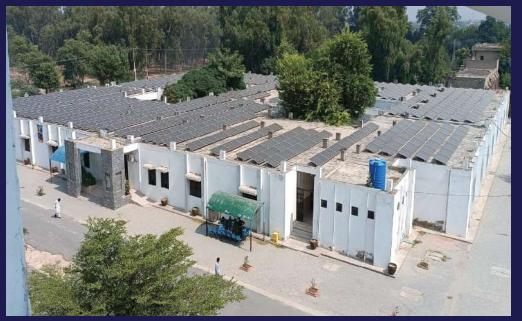

INTRODUCTION

The University has faced many challenges and sailed out from them despite many constraints. The magnificent admin block, academic blocks and laboratories add to the grace of the University. In no time at all, it has started to flourish and has achieved many laurels in academics and co-curricular activities.

Currently, undergraduate programs (BS) in Natural Sciences, Social Sciences, and Art and Humanities are being offered in the University. MS and M. Phil programs in Social Sciences and Natural Sciences are going to be launched in the coming academic years. Various batches of students have passed out and a large number of them have been placed in different public and private sector organizations, in addition to being admitted in various well-known universities of the country and abroad for higher studies. The students participate in various inter-departmental and inter-university sports and co-curricular competitions and secure distinguished positions.

Several conferences, workshops, and symposia have been organized in which renowned scholars and academicians enlightened the audience. The faculty members have also participated in national and international conferences.

It's truly a remarkable achievement for the University of Mianwali to take a bold step towards embracing green energy solutions. By installing 340 KVA solar panels, the university has not only demonstrated its commitment to sustainability but has also set an inspiring example for the community and beyond. This move not only reduces the institution's carbon footprint but also paves the way for a cleaner and greener future. Harnessing the power of the sun to generate electricity showcases the university's innovative approach and dedication to making a positive impact on the environment. This initiative undoubtedly marks a significant milestone, highlighting the importance of renewable energy and encouraging others to follow suit in the global pursuit of a more eco-friendly world.

CITY OF MIANWALI

Mlanwali District was an agricultural region with forests during the Indus Valley Civilization followed by the Vedic Civilization. In 997 CE, Sultan Mahmud Ghaznavi took over the Ghaznavid dynasty empire established by his father, Sultan Sebuktegin. In 1005, he conquered the Shahis in Kabul, followed by the conquests of Punjab region. The population of the Punjab region became majority Muslim, following the conquests by various Muslim dynasties from Central Asia. Immediately preceding the annexation of the Punjab by the British after the Anglo- Sikh Wars, this area was part of the Sikh Empire. During British rule, the Indian empire was subdivided into provinces, divisions and districts; afterward, the independence of Pakistan divisions remained the third tier of government until 2000. The British had established the town of Mianwali as tehsil headquarters of Bannu District then part of Dera Ismail Khan Division of Punjab province.

Though Mianwali is claimed an integral part of the Saraiki speaking belt by the Saraiki language activists, Punjabi-Saraiki division seems to hold little influence on common people in this district. Inhabitants of Mianwali district speak a great variety of Saraiki. Besides Saraiki and Punjabi, Pashto and Urdu languages are also spoken or used for communications by the people of Mianwali. District Mianwali is spread over an area of 5,840 square kilometers and is in vicinity of district Attock on North-East, Chakwal and Khushab districts on East and Bhakkar on South and Khyber Pakhtunkhwa on its West and North-West. River Indus flows across the district from North to South. Three branches of the Thal Canal Emerging from Jinnah Barrage on river Indus near Kalabagh irrigate the vast areas. Another canal called Chashma Link Canal connects river Indus with river Jhelum through Chashma Barrage. The district has extreme hot and cold climate. The maximum temperature during the summer shoots up to 51 C while the minimum temperature recorded in winter is as low as 2 C. The average rainfall in the district is about 250mm. Namal Lake is located on side of the Namal valley in Mianwali District, Punjab, Pakistan. It was formed following the construction of Namal Dam in 1913. The lake has a surface area of 5.5 square km. There are mountains on its Western and Southern sides while the other two sides are the agricultural areas.

The Kala Bagh Dam Is a proposed hydroelectric dam on the Indus River at Kala Bagh in the Mianwali District, Punjab, Pakistan. The issue has been intensely debated along ethnic and regional lines for over 40 years. If constructed, the dam could generate 3,600 MW of electricity. It is also suggested and promoted as a potential solution to the chronic flooding problems and the related water crises in the country. Over the decades, the understanding of the environmental impacts of mega dam projects have grown, and Pakistan Economy Watch has demanded a national debate on the KBD issue.

CO-CURRICULAR ACTIVITIES

University of Mianwali is providing ample facilities of co-curricular activities for its students since 2019. These activities include competitions of Qirat, Naat, Speeches, Debates, Bait Bazi, Fine Arts, Drama, Poetry, Skits, Essay Writing, and Melody etc. The campus has established a co-curricular forum to inculcate cognitive, affective and psychomotor skills among students. The forum not only holds interdepartmental competitions, but also ensures the involvement of aspiring students to participate intervarsity competitions. The co-curricular forum also holds Annual Debates, Vigorous Spark and Grand Seminars each year. In addition to this, seminars, skits, symposia, exhibitions, conferences, and focused group discussions are conducted under the banner of co-curricular forum. Students are bestowed with certificates, cash prizes and appreciation letters on their best performances in these competitions. Since the inception of University of Mianwali, several students have participated in intervarsity competitions held by other universities and have won the prizes.

The co-curricular forum has been conducting various activities in the name of Vigorous Spark since 2019 in which the students participate in multifaceted competitions including E-Gaming, Chess, Idea Presentation, Junk Art, Painting, Poster Design, Programing, Quizes, Singing, Sketching, Selfies, Thematic Film, Bait Bazi, Photography and Speeches etc. The forum has previously organized three Mega Seminars on current issues and trends in education and a Seerat-ul-Nabi Conference in which renowned personalities of national repute were invited. This forum has a professional linkage with Radio Pakistan Mianwali where students are given opportunities to participate and discuss current affairs and knowledge-oriented programs transmitted on national hookup.

In 2022, University of Mianwali buzzed with excitement as it hosted its annual sports gala, featuring a thrilling badminton competition. The campus was abuzz with energy as students and faculty eagerly gathered to witness the intense showdowns on the badminton courts. The competition showcased not only the players' skills but also their unwaering determination and sportsmanship.

DEPARTMENT OF ARABIC & ISLAMIC STUDIES

INTRODUCTION

Islam is a complete code of life and provides guidance in social, political, judicial, economic, moral, ideological, psychological, spiritual, and I scientific aspects of life. The department of Arabic and Islamic Studies intends to discuss the emerging issues in these dimensions in relation to the teachings of Quran and Sunnah and provide solution from Islamic perspective.

VISION

To contribute to society through the pursuit of Islamic education and research and be able to respond effectively to the posed modern-day challenges. To train students to develop Islamic values along with social morals, ethics and skills to work diligently and to function benevolently in all avenues of life to build a cohesive, proud and sovereign nation. To restore the full meaning of education by offering an opportunity to study, comprehensively and critically, the syllabus of a classical education in the Islamic sciences sensitively adapted for our time.

MISSION

Department of Arabic & Islamic Studies aims to be recognized as the Islamic world knowledge hub that delivers and caters world class research, teaching and learning environment by developing, expanding and enhancing research programs led by exemplary faculty for competent and efficient students. It intends to enable students to serve as faithful representatives of a practiced Islam that is, according to the pattern of God's Messenger and his Companions, gracious and patient with religious diversity; an Islam based on sound knowledge that the students have acquired for themselves and which they carry back into their communities; an Islam practiced as a commitment to respect, care for and serve others; an Islam secured not by attachment to communal identity but by attachment to God. To develop and support harmony between different religions and sects of society and to relate to others with tolerance, respect and consideration, whatever their beliefs and attitudes may be.

DEPARTMENT OF BUSINESS ADMINISTRATION

Introduction

The Department of Business Administration University of Mianwali has been active in providing candidates with systematic knowledge and understanding of the principles of business and market dynamics. The degree programs are designed on team-based learning, class presentations, case studies, field research reports and other reference materials, to combine academic theories with empirical research, seminars and workshops on current economic and business developments. The Department of Business Administration intends to provide quality and research-oriented business education. To keep pace with the dynamic world of business and business education, the department of Business Administration is accelerating in both ways, one, the department is expanding its educational programs by introducing MBA Program and BBA (HONS) four years Program. Another development is to bring about change in syllabus, which is in compliance with the international education policy.

Academic year is divided into two semesters based on classroom lectures, research work, presentations and report writing etc. GPA evaluation system is there to grade student in a way that they are accepted internationally. Minimum CGPA requirement for the degree is 2.00

VISION

Together, we aim to inspire, educate, and empower individuals to lead with purpose, navigate complex challenges, and contribute positively to a sustainable and prosperous world.

MISSION

Through rigorous academic programs, experiential learning, commitment to diversity and sustainability, our mission is to inspire individuals to lead with purpose, equipping them with the skills and mindset to navigate complexity, contribute to economic growth, and make a positive impact on society.

DEPARTMENT OF **ECONOMICS**

INTRODUCTION

Economics has vital role to play in contemporary society and at university of Mianwali the emphasis is on relevance to human activity, experience and endeavour. Today Economics is the need of time. Economics helps to know how societies, governments, businesses, households and individuals allocate their scarce resources for their betterment. Economics can also provide valuable knowledge of making decisions for everyday life. Economics is concerned with optimal distribution of resources in the society.

Economics department offers a variety of courses with a firm foundation in the principles of Economics. It is designed to stimulate your understanding regarding the nature of Economics, both as a field of scientific enquiry and as an academic discipline. Main emphasis is to provide you the practical knowledge of the " Economic World " in which we live.

Graduates of Economics have job opportunities in Banking sector, Insurance sector, Education sector, NGOs, planning and development departments, Risk management departments and various other public as well as private fields.

VISION

To achieve broad and increasing recognition of excellence of its programs among those offered by public and private institutions in the region and at international level; and to equip students with skills to implement theoretical and applied research work that will contribute to knowledge and resolve problems confronting the economy.

MISSION

To enable the students to exercise their intellectual capacity, to acquire disciplinary knowledge and analytical skills, to value diversity in people and ideas, and to develop ethical decision making abilities. To produce quality economists that will play their constructive role in different public, private sector organizations, policy and research. The learning environment is distinguished by admission on merit only, highly accessible faculty, teamwork, and information technology-supported education. The economics faculty places an emphasis on excellence in teaching through continuous professional development in instruction, as well as, in applied and theoretical economic research. Currently, the Department is planning to offer BS Economics and MPhil.

DEPARTMENT OF EDUCATION

INTRODUCTION

Department of Education was established in 2012 in the response to the growing needs of teacher's student's education in district Mianwali. Teacher-Education plays a very vital role in shaping up the society and competence of prospective teachers. It is therefore essential for them to be adequately equipped with the required skills that would enable them to perform perfect and much required role in the environment of Mianwali. The Department of Education is one of the pioneering department of Sub-Campus Mianwali which has been offering M.Phil. Education, MA Education, B.Ed, and M.Ed Degree Programs in the light of HEC guide lines and also keeping in the view the new Education policy 2009. Another strong motivation for launching department of Education was to compete with those institutions which have turned the teacher Education into tool of making money. With this view University took upon itself as a national responsibility to serve the Education by producing the graduate who would be well-versed in their professional skills. The core mission of the Department of education is to explore the hidden potentials of the youth of this area and to instill a sprit in them to compete with advance world and to enable them to solve the national issues within the cultural and traditional values of the country. In its sincere endeavor the Department of Education will be striving hard to provide an opportunity to the people of Mianwali and the adjacent area to embark on the journey of knowledge, scientific learning and to provide competent professionals who can contribute to the socioeconomic uplift of country.

VISION

Generate and impart knowledge through innovative learning, educational research and training in line with the national and international norms in order to support the knowledge-based economy.

MISSION

Development of human beings and society as a whole through the cultivation and enrichment of the human mind and spirit through purposeful education and training, and excel in research relevant to the regional, national and global needs through innovation. To render services in the field of education by preparing well-educated, trained, competent and effective teachers and teacher educators; making them independent learners and contributing members of society, providing a dynamic, creative and efficient learning environment in order to improve the quality of education in particular and standard of living in general.

DEPARTMENT OF

INTRODUCTION

The Department of English Language and Literature is as old as the University of Mianwali is. Before the inception of the University it was present as English Department of University of Sargodha Sub-campus Mianwali. The medium of instruction in the department is English. The Department strives to be one of the leading institutes in academic and research in the discipline of English language and literature. It endeavors to develop a community of critical, creative, intellectual, empathetic and responsible individuals by nurturing them in academically challenging environment. Currently, the English Department is dedicated to provide excellence in literary and language studies at the graduate level. The aim of the Department is to prepare students with the knowledge of literature, language and culture through a variety of texts and to help them appreciate the power and impact of the study on the global community. The graduates of the English department can serve in embassies, public relation sectors, libraries, digital media, magazines, newspaper, colleges, universities and civil services. There is an extraordinarily wide range of career opportunities for the students in national and international arenas.

VISION

The Department of English strives to be a leading center of academic excellence, fostering a vibrant community of learners dedicated to the exploration, understanding, and celebration of the English language, literature, and culture. Through innovative teaching, rigorous scholarship, and meaningful engagement, we aim to inspire a lifelong passion for literature and language, empower students to develop critical thinking and communication skills, and prepare them to thrive in a diverse and global society.

MISSION

The mission of the Department of English is to provide an exceptional educational experience that equips students with a deep understanding of the English language, its literature, and its cultural impact. We are committed to delivering comprehensive and rigorous programs that cultivate critical reading, writing, and analytical skills. Our faculty, comprised of dedicated scholars and educators, engage students in a collaborative and inclusive learning environment, encouraging intellectual curiosity, creativity, and independent thinking. Through interdisciplinary approaches, community partnerships, and innovative research, we seek to advance knowledge, promote social and cultural understanding, and contribute to the broader academic and literary community.

DEPARTMENT OF **PSYCHOLOGY**

INTRODUCTION

The establishment of the department of Psychology in University of Mianwali is a huge milestone on its own. The continuous efforts of Vice Chancellor and faculty members paved way to the inception of the department of Psychology in 2021, with the purpose of educating young minds and to embark upon the journey of research, innovation and lifelong learning. Now this department has large number of students.

VISION

The department aims at producing professionals who are trained in assessment, diagnosis and management of various psychological problems and who will prove to be a valuable asset to lessen the sufferings of people and to help them in living their lives to their full potential. The department further aims at motivating the students to come up various ideas and proposals for research projects. The department aims at training the students to carry out the research work efficiently and with ease.

MISSION

The Psychology Department and Counseling cell at the University of Mianwali, where undergraduates, graduate students, and faculty establish close collaborations to research the clinical principles of behavior and mental techniques, to make large contributions to the science and exercise of psychology, and to provide experts who serve the nearby Department and worldwide groups.

DEPARTMENT OF BIOTECHNOLOGY

INTRODUCTION

Department of Biotechnology was initially established 2001 having an undergraduate program in Biothecnology only, later an MS/Mpil program in Biotechnology will be started. Biotechnology have become frontline applied science disciplines of the twenty-first century. Biotechnology is the technological application of biological systems to make or modify products or processes intended for Human interests.

VISION

The primary purpose of biotechnology department is to produce skilled biotechnologist with abilities to innovate, invent and to foster regional requirements.

MISSION

The mission is to foster an environment where teachers and students can grow personally and professionally while maintaining strong moral standards.

DEPARTMENT OF **BOTANY**

INTRODUCTION

Botany is a subject of prime importance since the evolution of land and atmosphere. Plants are of immense importance for the continuity of life. They are the source of food, shelter, clothing etc. In the changing global environmental prospectus and climate change the importance of vegetation has enhanced many folds to overcome the natural disasters and natural and anthropogenic issues facing the humanity like pollution, water shed management, soil erosion, food security, clean water etc. and global ecological issues. The Prime Minister of Pakistan vision is also the "clean and green" Pakistan which cannot be achieved without the plantation of vegetation and forests and the development of this sector.

The establishment of Department of Botany at Mianwali was the need of the hour as Mianwali is a district with diversified landscaping like the presence of mountains, deserts, plains, forests, meadows, and the Great Indus River and its encashment areas. These landscapes are occupied with different habitats having unique terrestrial and aquatic flora including phytoplankton which is still unexplored completely. This uniqueness of the area arises a need to further strengthen this Department and to start research in different areas of Botany. Since the area is rich in diversified flora so the research will help in the conservation of biodiversity of the area.

VISION

Exploration of the natural world of plants and allied creatures for unraveling vast untapped resources of nature for the benefit of the human race as well as the glorification of knowledge.

MISSION

We are committed to ordaining human capital with excellence in the changing scientific scenario through innovative and interactive learning and research.

DEPARTMENT OF CHEMISTRY

INTRODUCTION

Chemistry is a fundamental and applied science, which is overlapping biology, physics, pharmacy and material sciences and provides the foundation on which the understanding of the natural and material world depends. The department has an exceptionally interactive and collegial community of scientists with strong student-faculty interactions offering the facilities of training and education to the next generation of students in all aspects of career development to make them able to give services to the community at the highest level of excellence. This department is considered one of the most productive departments of the university in terms of innovative research and international publications. The research laboratory at the Department of Chemistry is one of the most sophisticated labs of the campus providing the basic necessary facilities of the academic and applied research in the department.

The achievements of the department are reflected by a huge number of alumni working in various educational and professional institutions and many others pursuing their higher studies in various reputed universities of the country. The research work carried out by various faculty members of the department resulted in approximatly more than research papers published in internationally reputed journals during the last few years.

The Department of Chemistry was established at the sub-campus Mianwali, University of Sargodha in 2013, and currently offering BS Chemistry (4-year) programs with Inorganic, Organic, and Physical specializations which are designed to meet the ever-growing needs in the field of chemical sciences.

VISION

The Department of Chemistry at UMW aspires to advance the intellectual, technological, cultural, and economic condition of the state, region, and nation through the training the students by pilot project in the field of chemistry.

MISSION

The chemistry department is committed to assist the students to achieve the academic and project based potential and enhance the business at public and industrial level.

DEPARTMENT OF

INTRODUCTION

- With state-of-the-art technology infrastructure, highly qualified faculty, and a congenial educational environment, the Department of Computer Science & Information Technology provides quality education.

-The Department offers well-equipped air-conditioned computer labs, high-speed internet connectivity, multimedia classrooms, and access to a digital library for advanced research journals/articles.

-The major courses & research focus of the department includes machine learning, knowledge-based systems, Mobile applications, Software development & quality assessment, and network security.

VISION

Exploration of the natural world of plants and allied creatures for unraveling vast untapped resources of nature for the benefit of the human race as well as the glorification of knowledge.

MISSION

To apply quality knowledge in Computer Science & IT to enhance the scope of Computer Science and benefits in the field of medicine, humanity, and economic domain. And to educate the students to be successful, solve real-time Computer Science & IT problems effectively, and be long-life learners to tackle the complex computing challenges of the 21st Century of the world.

DEPARTMENT OF **MATHEMATICS**

INTRODUCTION

The Department of Mathematics was established in 2013. The BS program was launch 2013 and MSc Programs was started in 2015. Currently around 250 students are enrolled in Mathematics Department.

VISION

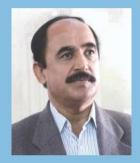

We aim to provide the quality education in mathematics so as to bring the department at the international map of mathematics. Though we have been successful to some extent in achieving the excellence both in curricular and co-curricular activities but still we need to cover a long distance as there is no end to excellence. For mathematics majors and graduate students, we aim to provide stimulating mathematical experiences that will bolster their future careers, whether that be the application of mathematics in practical contexts or contributions to the mathematical profession through teaching, productive scholarship and active participation in professional organizations.

MISSION

Our mission is to create a supportive, equitable environment for learning that fosters appreciation of mathematics and prepares students to contribute to the quality of life locally, nationally, and globally.

DEPARTMENT OF **PHYSICS**

INTRODUCTION

The Department of Physics has been established at the University of Mianwali with a vision to provide outstanding teaching with the best research facilities. The department provides a healthy environment for the academic and professional development of the students.

The curriculums have been designed for the undergraduate and graduate programs as per the latest novelty. Highly qualified faculty members have expertise in different disciplines as well as in various research areas. This interdisciplinary aspect of the program allows flexibility and a wide range in curriculum those results in a mixture of courses and research in different era of science and modern technology.

The academic and research programs have been designed in close collaboration with R&D organizations to provide the research facilities preparing the pupils for independent research as well as their absorption in top-level organizations.

The department is currently offering a BS Physics (4-year) program and will offer new academic programs in the future.

VISION

To produce skilled, innovated and research oriented physicists by providing the remarkable facilities and best academic environment.

MISSION

To develop analytical, critical as well as the scientific thinking skills in our students by providing the knowledge of core and applied courses of physics along with the interdisciplinary courses. Also provides the best labs and research facilities to our students, which will enable to contribute at national and international level as a physicist.

DEPARTMENT OF STATISITCS & DATA SCIENCE

INTRODUCTION

The Department of Statistics and Data Science is actively participating as a focal point of learning, creativity, diversity and innovation for extraction of meaningful insights and trends from complex datasets. The department is a leading edge in Data Evolution, Machine Learning approaches, Data Pre-processing, Visualization of data, Advanced Analytics, Statistical principles and Predictive modelling, focusing data driven business and industries.

The Department offers Bachelors in Data Science (BS Data Science) and Bachelors in Statistics (BS Statistics) as a 4-year degree programs and equipped with highly qualified faculty and latest laboratories. The department ensures the well-being and development of mental capabilities of students by enhancing their professional skills through hand on projects and Real-world industrial applications. This will be a great helping hand for the students to gain technical knowledge and critical thinking capabilities about the practical and dynamic landscape of real data driven industrial systems. Moreover, the agility and competency of the faculty members, cutting edge curriculum and collaborative resources are all working hand in hand to provide a comprehensive educational system and supportive learning environment. We eagerly invite you to explore our offered programs and department, reach out our faculty members and close-knit community of researchers and envision the brighter opportunities waiting for you.

VISION

To empower a data driven future as a strategic asset, catalyzing advanced changes, implying data maturity and management to unlock the true essence of transformative data, and to make a contribution to the future of statistics and data sciences.

MISSION

Our mission is to imply an approach to data driven decision-making, providing comprehensive solutions and opportunities for individuals to make a positive impact on society through responsible data transformation.

DEPARTMENT OF ZOOLOGY

Introduction

Department of Zoology, a place where we explore the mysteries of the natural world through careful scientific investigation. Situated at the heart of our academic community, our department is a hub for those who are curious about animals and how they live. Our experienced faculty and a history of important research make us a great choice for anyone interested in studying animals and their place on Earth. We invite you to join us on a journey to uncover the secrets of the animal kingdom and learn more about the diverse life that surrounds us. Whether you're fascinated by the tiniest building blocks of life or how different animals work together in their environments, the Department of Zoology is here to help you explore and understand the amazing world of animals.

VISION

The Department of Zoology strives to get academics and research excellence in the light of vision and mission of the University of Mianwali both at regional and international level, by fostering substantial acquisition of knowledge in broad disciplines of animal science

MISSION

The mission of the Department of Zoology is to prepare students in fundamental and interdisciplinary fields related to animal science. The discipline provides prospects to study academically demanding and career-relevant subjects such as genetics, environmental biology, biodiversity, evolution, systematics, wildlife, zoogeography, entomology, cellular and molecular biology, microbiology, toxicology, biotechnology and Developmental Biology. The syllabi of these diverse modules emphasized on laboratory-based practical courses, enable the students to experience new scientific techniques used in modern disciplines. To provide a viable research environment for highly skilled graduates and postgraduate students in the discipline of Zoology to extend their knowledge through academics and research.

Introduction

Welcome to the E-Rozgaar Center at UMW Mianwali! Since its inception in January 2018, our center has been dedicated to empowering university students by providing them with digital skills that are in high demand in today's rapidly evolving job market. Through a comprehensive range of courses, we aim to equip our students with the tools they need to become economically and financially strong individuals.

In an era dominated by digital transformation, having a strong grasp of online skills is paramount. The UMW E-Rozgaar Center recognizes this need and offers a diverse array of courses designed to cater to various interests and career aspirations. From freelancing and digital marketing to blogging, SEO, content writing, graphic designing, e-commerce, and online business management on platforms like Shopify, Etsy, EBay and Amazon our curriculum covers a wide spectrum of digital disciplines. Our primary goal is to bridge the gap between traditional education and the demands of the modern workforce. By arming our students with practical skills that are highly sought after by employers and clients alike, we enable them to explore new avenues of income generation and professional growth. The Erozgaar Center takes pride in its role as a catalyst for economic empowerment, ensuring that our students are well-prepared to excel in the digital landscape. Our experienced Trainers,

VISION

Empowering students with essential digital skills for a thriving future.

MISSION

To provide high-quality digital courses that equip students with practical abilities, fostering economic empowerment and professional growth.

Admission Regulations (Undergraduate & Graduate)

Following are the Admission Regulations for admission to all Undergraduate/Graduate programs 4-year BS/BCom/BBA etc. and 2-year MA/MSc etc.

1. Short Title and Commencement

The regulations prescribed hereunder shall be called Admission Regulations (undergraduate and graduate), University of Mianwali and are applicable from the academic session 2019-2020 and onward.

2. Definitions

In these rules and regulations unless the subject or context otherwise requires, the following expressions shall have the meanings hereby respectively assigned to them, that is to say:

- Academic Year" means a year consisting of two regular semesters namely; Fall and Spring;
- 2.2 "Authority" means any of the Authorities of the University specified in the University Act; 2.3 "Dean" means the Chairperson of the Board of Faculty duly appointed by the Chancellor as per the provisions contained in the University of Mianwali Act 2019;
- 2.4 "University" means the University of Mianwali;
- 2.5 "Vice Chancellor" means the Vice Chancellor of the University; who shall be competent to make decisions on admission related issues.

3. Introduction

Following are the guidelines, procedures, rules and regulations to be administered by all the Departments.

- 3.1 A copy of printed Admission Regulations shall be made available in all the Departments as well as the University Library and Website for guidance.
- 3.2 The Vice Chancellor is authorized to increase and decrease the number of regular, self-support and reserved seats according to student teacher ratio and availability of research supervision.

4. ADMISSION REGULATIONS

Admissions shall be made on the basis of merit in accordance with the criteria laid down by the Admission Committee from time to time, provided further that;

- a) 75% seats are allocated on merit and 25% seats shall be reserved for graduates (BA/BSc/BCom etc) of University of Mianwali on merit for MA/MSc/MCom/MBA etc. regular programs.
- b) Preference in case of admission to the Undergraduate and Graduate

classes will be given in the order of year of graduation, starting from the current year.

- c) Preference criteria for admission to all other classes, not enumerated above will be notified separately after it is chalked out by the Admission Committee and approved by the Vice Chancellor, but admission to these classes shall also be governed by these regulations.
- 4.1 Only those candidates who have passed FA/FSc, BA/BSc (Pass Course or Honors) or any equivalent examination shall be eligible for admission to the next higher classes. Merit should be determined on the basis of terminal degree.
- 4.2 The Incharge/Chairperson of the Department shall, each year, communicate for approval to the Admission Committee, prior to admissions, the total number of students to be admitted. This number can't be increased without the approval of the Vice Chancellor, nor shall the criteria be modified without his approval. Further, he shall be vested with the power to decide such issues as hardship case. Additional criteria for weightage in admission to a particular discipline against merit seats will be applicable.
- 4.3 Any student, who was rusticated, expelled, or whose entry in any Department was banned for any reason whatsoever at any time during his/her academic career, shall not be admitted to any class without the permission of the Vice Chancellor on the recommendations of the Incharge/Chairperson concerned and Director Student Affairs.

- 10.20.4 A student may be placed on probation for a fixed period of a semester. If during the period of probation (s)he fails to improve his/her conduct, the case shall be forwarded to the University Discipline Committee.

11. Promotion, Dropout and Re-admission

- 11.1 Promotion to next Semester.
- 11.1.1 A student with Cumulative Grade Point Average (CGPA) of 2.50 and above in the semester shall be promoted to the next semester.
- 11.1.2 A student with 2.00 < CGPA < 2.50 in the semester will be promoted to the next semester on "Probation" provided that (s)he has passed at least 50% of the courses in the semester.
- 11.1.3 A student with 2.00 < CGPA < 2.50 not interested in probation status will be allowed to repeat the semester or opting one or two course (s) with lowest grade to obtain required CGPA by paying the prescribed fee per course.
- 11.1.4 A student with CGPA less than 2.00 in any semester shall be dropped from the semester.
- 11.2 Probation status shall not be allowed in more than one semester for graduate programs and two semesters for undergraduate programs.
- 11.3 A student who has availed one/two probations status, as the case may be, and still unable to maintain 2.50 CGPA shall be dropped from the program as well as from the Department rolls.
- 11.4 There shall be no limit of attempts to pass any course. However, a student will have to complete the degree in due course of time period as provided in Semester Regulations. 11.5 A student, who has not been required to repeat any course(s), obtains CGPA of less than 2.50 at the end of the last semester may be allowed to repeat one or two courses in which (s)he has obtained the lowest grades, in order to improve the CGPA so as to obtain the minimum of 2.50, failing which (s)he shall be dropped from the program as well as from the Department rolls.
- 11.6 A student who has been declared to be dropped in any semester due to CGPA or failed courses may be readmitted (once) to the relevant semester with the following conditions:
- 11.6.1 The student has to pay prescribed re-admission fee in addition to regular semester fee under intimation to the Treasurer and the Incharge/Chairperson.
- 11.6.2 Permission to re-admission shall be obtained from the Incharge/Chairperson. However, (s)he can repeat the improvement/failed courses of previous semesters.
- 11.7 i) The students who will stand dropped or need to exit the program in the 6th semester or 3rd year of education in BS-4 year program may appear in the 1st or 2nd Annual Examination (if available) of BA/BSc (two years pass course) to receive the BA/BSc degree. Provided further that the certificate of practical shall be granted by the concerned Head of the Department in case of science or practical subjects.
- ii) The facility of appearing in Annual Examinations shall not be allowed to the students of professional degrees like B.Com

(Hons), BBA, BSc (Hons) Agriculture, Food Science and LLB (5year) programs etc.

12. Award of Degree

- 12.1 A minimum of 124 credit hours are required for 4 or 5-year BS or equivalent degree program.
- 12.2 A minimum of 66 credit hours are required for graduate 2-year MA/MSc or equivalent degree program.
- 12.3 A minimum of 31 credit hours are required for 1-year degree program.
- 12.4 Degree shall be awarded to the students only who have completed all the degree requirements by passing all courses specified in scheme of studies by securing at least 2.50 CGPA. 12.5 If any student is not able to clear one subject even after last semester within prescribed time limit, (s)he may be given the transcript with fail course on request declaring him/her pass overall.

13. Awards: Scholarship/Position

- 13.1 Scholarship to the students shall be awarded on the basis of academic performance in a semester and shall be determined on the basis of semester GPA. In case of tie between two or more students having equal GPA, their marks obtained in the semester shall be taken into account. If their marks obtained are also equal, the older in age will be awarded the scholarship than the younger one.
- 13.2 Award of position on completion of the degree program shall be determined on the basis of CGPA. In case of tie between two or more students having equal CGPA, their overall percentage of marks obtained in all the semesters shall be considered. A student with higher percentage shall be awarded the first position and so on. However, if their overall percentage of marks is also equal, they shall be considered on the same position.

14. Grade Improvement

- 14.1 A student may repeat the course(s) during the course of study to improve the grades, if (s)he secures 2.00 = GP < 2.50 in a course(s) or obtains grade 'F' or grade 'W' in a course(s). In these cases, student shall enroll the course(s) with the permission of the Incharge/Chairperson of the Department in the semester in which the course(s) is being offered, by paying the prescribed enrollment fee. Such course(s) shall be marked under asterisk (*) in the semester/official transcript.
- 14.2 A student who has obtained the final transcript issued by the Controller of Examinations shall not be allowed to improve his/her grades.
- 14.3 In case of improvement, the better grades shall be reflected on the semester/official transcript. However, such students shall

not be considered eligible for a position/scholarship in the relevant examination.

15. Grading System

- 15.1 The grading shall be done on a scale of 4.
- 15.2 Equivalence between Letter grading and Numerical grading shall be as follows:
- 15.3 Fraction of marks obtained in a course shall be counted as one mark, e.g. 60.1 and 60.9 shall be considered as 61.

Example:

Examination	Weight	Marks Obtained
Mid Term	30	19.0
Sessional	20	10.3
Final Term	50	40.1
Total	100	69.4

The score shall be rounded to 70

15.4 In order to calculate the GPA, multiply GP with the Credit Hours of each Course to obtain total grade points of the course, add up to Cumulative Grade Points and divide by the total number of Credit Hours to get the GPA for the semester.
